612-821-2190

Signe Burckhardt Manor now has two floors dedicated to care for those with Alzheimer's disease and other forms of memory loss. Residents and families will find an inviting environment with familiar, consistent staff. Our innovative, therapy-based programming rejoices in abilities and encourages independence. Our team is in tune with each person's life story and takes the time to learn their view of the world around them each day. As with all Augustana Care programs, spiritual care is always available.
