--

During the public bid opening, MPHA will only read the name of each bidder and their total base bid amount. A copy of the bid tabulation will be available to the public at the end of the bid opening. No bids submitted will be made available for public inspection until after MPHA has executed a contract with the successful bidder. Because MPHA has not yet completed its due diligence, MPHA will not designate any apparent low bidder at the bid opening but will do so after MPHA conduct all required due diligence. MPHA will, after the bid opening, fully review all bids for responsiveness and conduct its due diligence to ensure that the eventual successful bidder is fully responsive and responsible.
